PRACTICAL & PROJECT EXPERIENCE

Photaaz App (PHOTAAZ.app)

Islamabad, PK

SEO Practice Specialist / Intern

Aug 2025 – Present

Conducted comprehensive technical SEO audits to identify and fix crawl errors, broken links, and site performance bottlenecks.

Executed end-to-end keyword research and mapped target terms into content strategies to enhance organic visibility and search rankings.

Formulated meta descriptions, title tags, and optimized header structures to improve page CTR and user engagement.

Monitored traffic metrics and search performance using Google Search Console and Google Analytics 4.

BilalShah.dev

Islamabad, PK

(WordPress Development & SEO Project)

2024 – 2025

SEO & Web Content Manager

Built and managed a custom WordPress platform to implement live SEO strategies, XML sitemaps, and URL structure protocols.

Optimized web media, images, and page copy to maintain fast load times and achieve strong page-speed performance scores.

Applied competitive analysis and on-page optimization techniques to build content focused on user intent.

Freelance Commercial & Media Photographer

Independent Photographer

2018–present

Captured high-quality commercial, wedding, outdoor landscape, and street photography for private clients and personal digital platforms.

Handled end-to-end post-processing, color grading, and photo editing using Adobe Lightroom and Photoshop.

Managed client communication, event photography schedules, and visual asset delivery.
